Take on the challenge and build the largest and most detailed tank model made with COBI construction bricks!

The detailed engine model is made of 550 bricks! Place the engine inside the tank or display it on the included stand with a nameplate!

We even built the positions for all five crew members!

Access to the interior with accurately recreate equipment and various types of ammunition.

Rotating wheels and tracks made of individual links!

Suspension based on springs and reinforced axles made of ABS and fiberglass.

Fans, hatches, and a dedicated spot for the engine model!

Removable turret with interior details.
